The Origin of Corn. I. Pod Corn, the Ancestral Form
By Paul C. Mangelsdorf and Robert G. Reeves 329

Number 8 (March 10, 1959)

The Origin of Corn. II. Teosinte, a Hybrid of Corn and Tripsacum
By Robert G. Reeves and Paul C. Mangelsdorf 357

Number 9 (April 3, 1959)

The Origin of Corn. III. Modern Races, the Product of Teosinte Introgression
By Paul C. Mangelsdorf and Robert G. Reeves 389

Number 10 (April 17, 1959)

The Origin of Corn. IV. Place and Time of Origin
By Paul C. Mangelsdorf and Robert G. Reeves 413

The Origin of Corn. V. A Critique of Current Theories
By Robert G. Reeves and Paul C. Mangelsdorf 428

INDEX OF ILLUSTRATIONS

PLATE

Anthurium apaporanum *R. E. Schultes* XIX

Anthurium polyschistum *R. E. Schultes & Idrobo* LX

Aristolochia georgica *R. E. Schultes* XXVI

Aristolochia xerophytica *R. E. Schultes* . . XXVII

Banisteriopsis Caapi (*Spruce ex Griseb.*) *Morton* II, IV, V, VI

Banisteriopsis inebrians *Morton* . . . . . III, VI

Banisteriopsis Rusbyana (*Ndz.*) *Morton* VII

Bifrenaria minuta *Garay* XL

Calliandra vaupesiana *Cowan* XXIX

Caularthron bicornutum (*Hook.*) *Rafinesque* XII, XIII

Caularthron bilamellatum (*Rchb.f.*) *R. E. Schultes* XIV, XV

Conomorpha lithophyta *R. E. Schultes* XXXI, XXXII, XXXIII

Cyclanthus indivisus *R. E. Schultes* . . LVIII, LIX

Datura inoxia *Miller* LII

Datura kymatocarpa *Barclay* . . . . . LIII, LIV

Datura meteloides *DC. ex Dunal* . . . . . L, LI

Datura reburra *Barclay* . . . . . LIII, LIV

Datura vulcanicola *Barclay* . . . . . LV, LVI

Duckeella pauciflora *Garay* XXXIV

Epidendrum superpositum *Garay* XXXVIII

Hexadesmia Dunstervillei *Garay* XXXIX

Inga involucrata *Cowan* XXVIII

Inga longifolia *Cowan* XXVIII

Jacqueshuberia amplifolia *Cowan* XXIX

Lepanthopsis vinacea *C. Schweinf.* XVII

Lorostemon colombianum *Maquire* XXX

Makuna witch-doctor VIII

Native tribes of Colombia who use stimulants and narcotics (Map) LVII

Notylia Norae *Garay* XLII

Octomeria deltoglossa *Garay* XXXVII

Oncidium vagans *C. Schweinf.* XLV

Philodendron colombianum *R. E. Schultes* . . . XX

Platystele ornata *Garay* XXXVI

Polyotidium Heubneri (*Mansf.*) *Garay* . . . XVI

Rhytidanthera regalis *R. E. Schultes* LXII

Rodriguezia Teuscheri *Garay* XLI

Solanum Topiro *HBK.*
XLVI, XLVII, XLVIII, XLIX

Stelis nexipous *Garay* XXXV

Stenospermatium verecundum *R. E. Schultes*
XXI, XXII

Telipogon Teuscheri *Garay* XLIII

Tribes reported to use malpighiaceous narcotics (Map) I

Urospatha antisylleptica *R. E. Schultes* LXI

Urospatha somnolenta *R. E. Schultes*
XXIII, XXIV, XXV

Vargasiella venezuelana *C. Schweinf.* XLIV

Zamia madida *R. E. Schultes* XVIII

Zea Mays *L.* Outer pistillate glumes . . IX, X, XI
